Laurentian Mountain Clan

Billionaire Werewolf Romance Series

Under Pen Name: Mimi B. Rose

Meet the Laurentian Mountain Clan and its Alpha family, the Ducharmes. Three brothers-Charles, Thomas, and Henri-and three cousins-Clementine, Michel, and Bertrand-who face shifter rivalries and supernatural forces as they look for love in the French-Canadian mountains.

The Laurentian Mountain Clan fights the neighbouring Trois-Rivières Clan for control of their territory. It will take three mysterious women with untapped abilities to help defeat the rival clan and their supernatural allies-and bring true love to three brothers. When the Clan expands to the West they uncover a drug smuggling and human trafficking operation in their new territory. The cousins join forces with bear shifters and local law enforcement and find love along the way.
